A new book about the neighborhood by local historian NiNi Harris will be published in mid-April.

Holly Hills is a brief history of the Hollywood-inspired neighborhood that borders Carondelet Park. Author NiNi Harris follows the history of the area from the faint traces of early French settlers, through its purchase by railroad magnate Jay Gould, to the dynamic developers who envisioned a California-styled neighborhood. Harris highlights Holly Hills' extraordinary architecture, its lush landscape setting, its lasting institutions, its civic leaders, and its colorful characters, explaining why the tree-canopied streets remain one of South St. Louis's most sought-after locales.

The book also recounts the development of the adjacent Bellerive area, which boasts a

rich collection of early twentieth-century Arts & Crafts architecture. Luxuriant Carondelet Park, spectacular Bellerive Park, and the boulevards that tie these parks and residential areas together are featured in the text and photos.

Books will be available for \$18 in area bookstores and can be pre-ordered online at [www.reedypress.com](http://www.reedypress.com).

## A message from the president...

Spring is right around the corner, we have bulbs slowly making their way out of their winter slumber, we have birds chirping and we have the sun shining again. Spring also signifies cleaning...keep in mind bulk pick up dates as well as the City's Annual Blitz clean up day. A great way to get rid of your unwanted things from your home and having them disposed of properly. Spring also means the winter trash will become unveiled in the Park. Please take a moment of your time and help pitch in and pick up some trash in the Park. Takes but a few minutes and helps more than you know. April brings the publication of NiNi Harris' new book on Holly Hills. I highly recommend you take the time and go out and purchase this book. She will have them at the May meeting as well. Speaking of the May meeting, this meeting is about elections. If you have ever thought of joining our board this would be the time to do it. I highly encourage you to step up and join us. We have a great time, you get to meet many new people and you all help to support a great cause! See you at the next meeting

## Rec Plex Business Booming; Outdoor Pool Opens May 29

If you haven't been there recently, business is booming for the new Carondelet Rec Plex operated by the YMCA. According to Senior Program Director Eric Vahey, at certain times of the day, the Rec Plex is busier than any of 17 area YMCA branches. The Rec Plex has more than 2,800 membership units - either an adult or a household - which translates to about 6,000 individuals.

As membership grows, they will continue to add programs, Vahey said. About 300 children took part in the most recent session of swim classes and about 100 exercise classes are offered per week. Currently there are eight adult volleyball teams as they begin an adult volleyball league.

The Rec Plex staff is gearing up for summer camp, which will be far bigger than it's ever been before (when

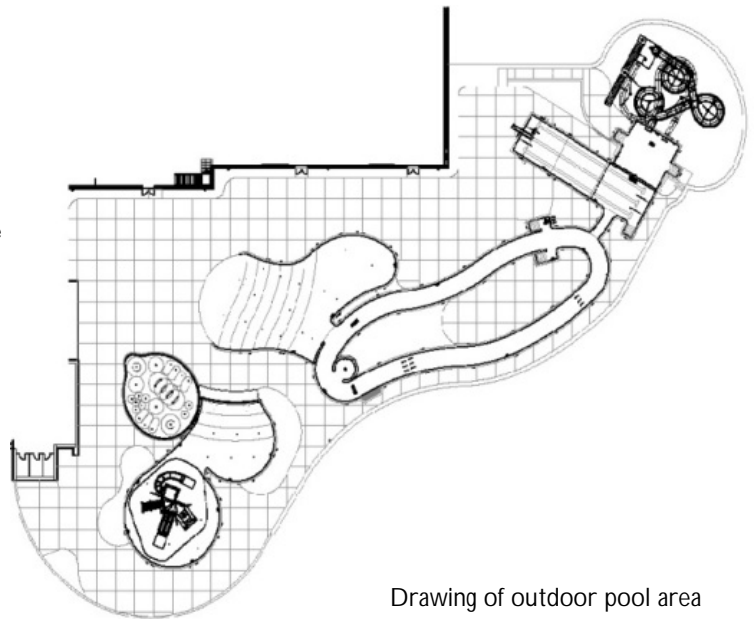

they were the Carondelet Y).

The outdoor pool opens May 29th at 10 a.m. The pool includes:

- Splash pad - an area with water shooting up and spraying down
- Kids' pool with a preschool play structure and zero-depth entry
- Two-story water slide
- Lazy river and vortex
- Recreational pool
- Three lap lanes separated

from other pool areas by a concrete bulkhead

Vahey said they are glad they can provide this service to the community and they hope that people coming to the YMCA-run Rec Plex makes even more people use the park, too.

## Neighborhood Garden Update

We've got a couple of beds available in the community garden at the corner of Bates and Arendes if there are any interested gardeners. Plots are \$25 for the summer.

Please contact me at 351-3845 if you would like one.

Unfortunately, we were not awarded with an expansion grant from Gateway Greening for our water line (we're currently paying neighbors for access to water), so I'm going to look into alter-

native funding sources.

We're also going to be dedicating several of the garden plots to raising food for the needy, one with help from the Girl Scouts.

And, although it's not even

spring, it's not too early to plant some cool weather crops like lettuce, peas and broccoli (I've got some in already).

## Early Bird Bread at Companion

Josh Allen, owner of Companion Baking, announced today that beginning March 5, there will be a new source for Companion bread in town, and even better, it'll be priced at 35-40% off retail. Both bread and pastries will be available, but only from 7 AM to noon, Friday through Sunday, and only at Companion's Early Bird Outlet, located at the rear of its primary baking facility at 4555 Gustine.

"We are excited to expand our offering in the city and provide substantial value to our customers," explained Josh Allen, owner of Companion. "We think people love to discover a great deal. If you're willing to travel a little out of your way, you will find amazing fresh bread and pastries at substantially discounted rates."

Aside from coffee and bottled water, the EBO will not sell sandwiches, soups or other items offered at Companion's cafes. Just remember, tho-

ugh--when they're out of product, they're out for the day.

Putting a further twist on pricing, Allen has elected to sell all items by the pound, rather than the piece. Ya gotta love that...no more rooting through the bread bin trying to find the biggest baguette.

## Notes from Carondelet Park Master Plan Committee Meeting January 26

- The study of the Lyle house for an historic restoration is supposed to be finished by May. The Carondelet Park Board is paying for the study and the subsequent improvements.
- A traffic study of the area near the Rec Plex is being done now--the report should be nearly complete (90%) by March 23<sup>rd</sup>. Now that the Rec Plex has opened they can do a more accurate study.
- Grand Bridge is going to be improved - remove scrub and brush trees, leave good trees, put in rock,

paint bridge to match Boat House.

- The outdoor pool at the Rec Plex is opening Memorial Day weekend.
- The Rec Plex is meeting its membership goals.
- In 2009, 327 new trees were planted.

The committee is working on a Way-finding Plan for the Park to determine signs and directions to destinations within the park.

- Patrick Hanlon

## Neighborhood Focus

The building at 3970 Wilmington Avenue, which houses Mel's Service, was built in 1929. The original Texaco sign is made of art glass. It was painted over as the service station changed brands, but the old sign was never forgotten. When owner Mike Schwent's father purchased the service station in the 1970s, it was a Phillips station, so the sign remained covered. Last fall Mike uncovered the sign and painted the building in colors to match the sign. The station is not affiliated with any brand, so he figured it was time to uncover and enjoy the old Texaco sign.

## Bevo-Long Community School Provides Range of Resources to Neighborhood

The Bevo-Long Community Education Full Service School (CEFSS) is leading the way in the St. Louis Public Schools CEFSS program. Bevo-Long is one of 13 SLPS CEFSS program sites. The program seeks to provide academic, social, mental, physical, and vocational programs and services to meet the needs of the community being served.

Located at 5028 Morganford, Bevo-Long CEFSS serves the neighbor-

hoods surrounding Long Middle School, Oak Hill Elementary School, and Woerner Elementary School. An advisory council meets on the second Monday of each month to plan and implement activities and events. The advisory council is made up of parents, local residents, Neighborhood

Stabilization Officers, volunteer agency representatives, faculty and staff of the respective schools, and the Bevo-Long CEFSS specialist.

The Bevo-Long CEFSS advisory council has worked for many months to create, refine and begin implementation of a program to address the needs of the neighborhood. Advisory council programs focus on the areas of health; education/life long learning; employment/economic development; gardening; landscaping; energy; and community outreach and organizing. Activities for March 2010 include a health fair, a college fair, and a presentation for first time home buyers. The community garden, located on school grounds, will be planted again this spring. A den-

tal services event is planned for Summer 2010. Energy conservation applications and neighborhood watch programs are also in progress.

In addition, SLPS continues to offer community education classes in the areas of business and office skills, computers, dance, foreign language, AEL/GED, ESOL, gymnastics, martial arts, money matters, music, physical education, and various special interests.

The community garden, located on school grounds, will be planted again this spring. A dental services event is planned for Summer 2010.

## YOUR NEIGHBORHOOD NEEDS YOU!

We think you'll agree, Holly Hills is a

great place to live and raise a family. We like to think that is in part due to the efforts of active and involved neighbors

- the folks who serve on the HHIA Board and the volunteers who help with events, such as park clean-ups, the newsletter, free movies in the park and other fun things. We currently have several open positions on the board and at the May meeting, we'll be voting on new board members. We want YOU to be among them! Please contact Paul Sager at 602-9255 or [paul@paulsager.com](mailto:paul@paulsager.com) if you are interested in joining a group of fun, dedicated neighbors working to keep Holly Hills a great place to live. Or, consider nominating someone you think would be a great addition to the board. Get involved!

## Be Counted! Return Your Census Form

In mid-March you should be receiving the federal government's 2010 census form. Please fill out your 2010 census

form! This is what the census website says about Why It's Important:

We Can't Move Forward Until You Mail It Back

That's why it's so important that you fill in the form and promptly

mail it back. Census information affects the number of seats your state occupies in the U.S. House of Representatives. And people from many walks of life use census data to advocate for causes, rescue disaster victims, prevent diseases, research markets, locate pools of skilled workers and more.

When you do the math, it's

The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of 10 years, in such manner as they shall by Law direct.

- Article I, Section 2 of the Constitution of the United States

- Schools
- Senior centers
- Bridges, tunnels and other public works projects
- Emergency services.

Participation isn't just important—it's mandatory.

For more information, go to: [www.census.gov](http://www.census.gov)

easy to see what an accurate count of residents can do for your community. Better infrastructure. More services.

In fact, the information the census collects helps to determine how more than \$400 billion dollars of federal funding each year is spent on infrastructure and services such as:

- Hospitals
- Job training centers

## SIDS Walk Scheduled for May 22 in Carondelet Park

SIDS Resources, Inc. and a volunteer committee are planning the

third annual 5K run/walk, called Strides for SIDS, which will take place on May 22 at the Boathouse in Carondelet Park. Registration starts at 7 a.m. We would love to have more participants from the beautiful Holly Hills neighborhood! Another item of note: captains of teams of 10 or more will receive a free business card size ad in the program book.
